Brodhead

On Thursday afternoon of last week the directors of the Brodhead Fair Association, after discussing business matters relative to the interest of the Fair, organized a Commercial Club, with A. E. Albright, President; J. G. Frith, Vice President, A. M. Hiatt, Secretary and Treasurer. The organization will be completed tonight when an open meeting is to be held, to which every business man and those interested in the up-building of the town and community is most cordially invited. At the first meeting the secretary was instructed to extend an invitation to every member of the Rockcastle Fiscal Court, with the editor of Mt. Vernon Signal and James Mett, the original Boone-way man, to be guests of our Commercial Club on Thursday the 22 inst. for an automobile trip over a portion of the Boone-Way, and through the Counties of Lincoln, Garrard, Boyle and probably others. The free use of four cars from this place has been offered the Club, which will provide ample transportation for the guests, the drivers and a few friends. We realize that Brodhead is considerably behind the times in the organization of a Commercial Club, and it feels the lack that would have, or should have been derived from a real wide-awake Commercial Club. What we propose to do now is, to make up for the lost time which might have been spent profitable along this line, and to leave no stone unturned to bring about a get-together of the business men of this town on a higher plane, and long to see the time when the good

merchants of our town will be better merchants and not envy the fellow merchant, but endeavor to conduct a business, not to the detriment of the other fellow, having solely in view a better business center, better town and better citizens. Boost Brodhead is the watch word.—A. M. Hiatt and John Robins, representing the Brodhead Real Estate Company, were in Louisville Monday and Tuesday, closing the agency contract for the Grant Six automobile. They have the exclusive agency for Rockcastle, Lincoln, Garrard, Madison and Laurel Counties. This is a six cylinder motor car of extraordinary power and a great hill-climber. The weight of this car is 2300 pounds and sells for \$825.00 F. O. B. factory. Finley, Ohio.—The Rev. H. T. Young was here from Mt. Vernon during the week making a hand between the plow handles, and judging from the class of work he was doing this is not his first experience.—Mr. and Mrs. Thos. Lamar, and daughter, Miss Ida, of St. Louis, arrived Monday night, and are with their sister, Mrs. J. F. Watson, Mr. Lamar left Wednesday for Louisville, and will return to his home today, where he holds the position of Special agent for the Southern Rail Road Co.

Mrs. W. F. Carter, who underwent a very successful operation at the Norton Infirmary less than three weeks ago, will reach home today. Dr. Carter left for Louisville early Thursday, taking with him a son of John H. Ward for an operation, seemingly very difficult to those of us who are not doctors or surgeons. The boy had a severe attack of typhoid last winter and from which it was thought for a long time he could not recover, and during this time a trouble developed in his lip, gangrene set

ting up removing more than half of the upper lip and most two-thirds of the lower lip, not even leaving the thin covering of the bone. The object of the operation is to grow new flesh where disease destroyed the original. We certainly hope the operation will be a successful one. Dr. Carter is to return with Mrs. Carter today.—Born to the wife of M. A. Stevens last week, a baby girl.—Mrs. J. M. Roberts and little daughter, Ollie Florence, were the guests of her sister, Mrs. L. B. Hilton, at Stanford, from Thursday of last week until the first of this week.—O. C. Wilcott, of Byington, Tenn., was here over Sunday looking after some business matters here.—Miss Mae Cummins was visiting friends in Crab Orchard and Lincoln county last week.—Born to the wife of Edd Sturgeon last week, a fine baby girl.—Mrs. J. R. Cass, and son, Master Willie, accompanied Mrs. Sarah Purcell to the home of her daughter, Mrs. George Hardin, in Louisville, last Friday, where she will spend the summer. Mrs. Cass returned to Junction City, Thursday, where she will visit her sister, Mrs. H. L. Tharp, before returning home.—The State Department of Education last week granted to Professor J. L. Pilkenton a life certificate, he having been actively engaged in school work for twenty years and having during this period a first-class certificate. Mr. Pilkenton is very proud of this honor, while it confers upon him no benefit, it gives him the distinction of being among the few that has been in the harness actively for twenty years. Mr. Pilkenton deserves many such honors for his successful teaching, managing and untiring efforts in school work. The right man in school work.—Mr. and Mrs. Byron Owens are with relatives here this

week, arriving here Saturday from Bardstown, where Mr. Owens was a teacher in the Graded School.—J. W. Kincer, of Ashland, Ky., was here over Sunday with his wife who is visiting her parents, Mr. and Mrs. J. A. Osborne, near here.—Mrs. E. B. Newland and children have been the guests of relatives in Richmond since Thursday of last week.—Misses Ella Carson and Clyde Watson were the guests of Miss Lonanna Whitehead, at Mt. Vernon, Saturday and Sunday.—The Children's Day exercises at the Methodist church, Sunday, were well attended and greatly enjoyed. A carefully prepared program which was arranged and carried out under the splendid management of Mrs. J. L. Pilkenton, consisting of reading, recitations, songs and addresses, was presented in a way that showed proper training and great skill. Children from all the Bible Schools took part.—Mrs. J. M. Owens, and little daughter, Miss Margie, were with her daughter, Mrs. G. F. Sutton, in Lexington, from Saturday until Tuesday.—Mr. and Mrs. R. H. Hamm were in Louisville, Tuesday, buying goods, returning Wednesday with a new Ford, Logan Bryant, the Ford agent from Mt. Vernon, driving the car from Louisville here.—J. M. Roberts joined his wife in Stanford, and was the guest of Mr. and Mrs. L. B. Hilton over Sunday.—Miss Oma Brown is with her sister, Mrs. Ben Riddle, here this week.—Rev. and Mrs. A. B. Potorf are citizens of our town, and are occupying the R. H. Hamm cottage on Albright street. We are certainly glad to have these splendid people with us.—H. E. Christie has begun the erection of a modern bungalow on the lot he recently purchased from the town of Brodhead and J. H. Owens. J. H. Williams has the work in charge and is a first-class carpenter.—Our Livingston friend seems to be afraid to express himself fully upon the political situation just now for fear that "we will find out which side of the fence he is on." Now that is no secret to us, and we realize that he will be one among the many who will go up Salt river with Woodrow next November. However, if we were of the same political faith as our Livingston friend we would be just like him, ashamed to confess it.—Mr. and Mrs. Robert Burton, of Cincinnati, are with relatives here this week.—R. H. Hicks has begun the erection of a store building on the lot where J. Thos. Cherry sold goods many years. Mr. Hicks will stock this building when complete with a full line of general merchandise.—J. L. Hill, of Louisville, was here Wednesday teaching Hiatt and Robins how to drive the Grant Six. Mr. Hill is with the Paige Motor Sales Co., of Louisville.

The Democratic National Convention in session at St. Louis, last night named Woodrow Wilson as the nominee for president. Vice president Marshall will be named as his running mate. The St. Louis convention has been one big love feast and victory at the polls in November for the man who stands for America and Americans first, last and all the time, looks now to be a certainty. Washington, Lincoln, Wilson trio illustrious.

Lieutenant Richard Caswell Sanfley was instantly killed when his hydroaeroplane fell with him at Pensacola, Fla., last Friday. All Kentucky was proud of him, because of his splendid record, and the whole state mourns his untimely death. Though young, but brilliant and fearless, he had rapidly forged to the front as one of Uncle Sam's best and most useful men, and in his death the nation has sustained a great loss, and the aviation service one of its greatest aviators and instructors.

OUR BOONE WAY MAN In Winchester

By JAMES MARET.

The writer saw Beach Hargis and his mother one day last week as they boarded the train for Jackson; their old home where they will spend a few days and probably return to Winchester to reside for a time at least.

On West Broadway is a Plymouth Rock rooster, owned by a darkey. This barn yard fowl is full partner and a patron to the English sparrow family. He carries bread and tid-bits into the streets and clucks like a hen to call the sparrows to come and take a meal. The writer saw the game thru a few days since.

Mr. A. L. The man with the shortest name is not a citizen of Winchester, but of Hawaii.

Lucien Beckner, editor of the Winchester Republican, showed the writer a much valued copy of the Vicksburg (Miss.) Daily Citizen, published on July 2, 1863, which was printed on the reverse side of wall paper. The paper was of four columns and only one page. The larger portion of the type had been set up by the owner's printer but it appears the issue was gotten out by the "Yanks" who captured the city about that time. Mr. Beckner keeps this souvenir locked in his safe. Now, some paragraph will be inquiring, "What use has an editor for a safe, big or little?"

It is said the men folks over here snooze until the breakfast bell rings. No kindling to cut, no coal to bring in, or ashes to carry out, or fires to make. The good wife simply turns a valve on the gas stove and the fire is made and hubby is allowed to snore till the meal is cooked. I wish I lived in Winchester; though I am afraid I would get lazy or even lazier than I am already.

Blue-grass seed-stripping is at its height this week. Hundreds of machines are busy. Clark county has the only manufactory of harvesting machines that strips blue-grass seed. There is a hand stripper that might be compared to the reap hook along a self blader. Many people from the city, including boys, go to the country daily with hand strippers and return at even-tilde with sacks of seed for which they find a ready sale at 50 cents per bushel.

Among other farm products handled in "Hello Jo" Oliver's grocery are home grown strawberries. The writer weighed some of the jumbo-sized berries and a number of them weighed one ounce each or sixteen to the pound.

The Commission form of gov-

ernment is being discussed and Winchester may adopt the plan. There are only two White Bronze (zinc) monuments in the Winchester cemetery. One, about 12 feet high, was erected by the Odd Fellows. They don't show up so well as stone.

The county "force" has moved its crusher plant and crew to the Paris pike, over which BooneWay will be routed out of Winchester. The Boonesboro pike is in fine condition.

The writer has spent some pleasant moments in connection with Lucien Beckner, editor of the Clark County Republican. Mr. Beckner is a veritable walking encyclopedia of historical data, facts and figures, especially on the early history of Kentucky. He has been quite a traveler too, having visited, among other portions of the globe, Cuba, South America, Europe and Palestine, India, China, Japan, Hawaii. He was much pleased with the look of the writer's newspaper files which include all the principal nations of the world.

The writer is just in receipt of some excellent history of Daniel Boone's life in north-western Virginia in 1784, furnished by Mr. W. E. D. Stokes of New York and owner of Patchen Wilkes Farm, near Lexington. Mr. Stokes also furnished photographs of a big stone house built in Virginia by Boone and companion named Miller.

The Winchester Courier is publishing a series of pictures of scenes along Boone Way between Mt. Vernon and Boone Park, N.C.

There are many papers in the clerk's office here dating back to the days of Boone. There are suits in which the affidavits of the old pioneer are in evidence.

The Clark County clerk's office is quite an extensive affair requiring the work of three men to keep things moving. Among the fixtures in addition to a type writer are two book recording typewriters and much other paraphernalia for the transaction of the immense business done.

The Baptist Sunday school will take an excursion to Natural Bridge about June 22nd. The Christian Sunday school will take theirs of 28th to Cincinnati, and the Zoo. All the pupils unable to pay their way will be taken care of by the organization. The other Sunday schools will have various dates for outings.

The railroad is double tracked between Winchester and Cincinnati.

Winchester has a sewerage system.

The county force of road workers have completed their task on Lexington road and moved Tuesday to the Paris pike just out of the city, where the writer will spend some of his time during the summer. A construction company is at work on a mile and a half on Lexington pike which they will complete within next twenty days.

The proposed Booneway trip of the Broadhead Commercial Club should prove a success. Mt. Vernon should join in and boost it advertising the Fair on the outing.

The mystery attending the death of Richard Thomas, a negro employed by the Southern Motors Company, who was found in an alley in the rear of 553 South Third street Tuesday morning suffering from injuries from which he died at the county jail, was cleared yesterday afternoon when Miss Annie Hilton, a white woman, living at the Third-street address, confessed to Chief of Police Lindsey to having struck the man with a stove lifter in self-defense.

According to the Hilton woman a fight took place in her room shortly before midnight Monday, when the negro attacked her and threatened her life. In self-defense, she said she struck him with a stove lifter and, with the aid of Lillian Price, shoved him against the window. This the Price woman denies. The man crashed through and fell to the alley below. Thomas lay in the alley until 5 o'clock Tuesday morning, when he was discovered unconscious by Patrolman A. Hearn, who, believing the man to be drunk, took him to jail. He was attended by the jail physician, who after an examination, found the man had a fracture of the skull and three broken ribs. He died before he could be sent to the hospital.

The clew that led to the arrest of the Hilton woman was obtained after an investigation by Coroner Duncan and his deputy, William Kammerer, who learned from a son of the dead man where his father had gone Monday night. The boy claimed that his father had \$40 when he left the house. This was not found. Both women denied seeing any money in possession of the negro. The Hilton woman was arrested at her home by Lieut. Callahan and Detectives Yourell and St. Claire. Both women are charged with murder.—Courier Journal.

Dick was a porter and worked for James Maret at depot for some years.

THE WAGES OF SIN IS DEATH

By C. W. Poole.
She sins her sin but not alone,
Another sinned with her that day
And yet for ages men have known
She must the full price pay—
She bears the curse of sin while he
To blight-another life goes free.
She sins her sin of scarlet hue,
She bears his guilt and shame,
She who was once like morning dew;
Can never right her name;
And he goes forth to call her fool,
Who just to please him was his tool.
O, God, make bare thy mighty arm.
Let Justice reign one day,
And smite the man who dares to harm,
A woman on lifes way;
And in the hearts of men awake
A sense of Justice for her sake,
And if I wrongly ask again,
Lord, God, I pray forgive,
But mark the man as thou didst
Cain,
Unfit with men to live;
Give him a mark that all may know
The jungle beast where he may go.

Altho Mr. Lyne was completely taken by surprise, it was a most deserved compliment. Mr. Lyne has served as Noble Grand, Chaplain of the Odd Fellow's Lodge and its present treasurer. He is serving his term of Worthy Patron of the "Eastern Star". Judging from his past work the Grand Lodge will be making no mistake in electing him Warden.

She was a member of the Wildie Christian Church and her friends were numbered by those who knew her.

WHAT EXPERIENCE HAS TAUGHT.

Herman Rosenthal, advertising manager for Sears, Roebuck & Co., in the course of an address before the Ad'Club Convention made the following statement: "We have a bureau whose duty is to read each week the county newspapers from all over the country. There is not a paper of any consequence in our trade territory we don't get. The bureau looks over all these papers, and when we find a town where the merchants do not advertise in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants use their local papers." The above speaks for itself. It only proves what every live business man knows that it pays to advertise. The business that doesn't bear advertising is not worth having. What would the business of Sears & Roebuck be without skillful advertising? What is your business without advertising?

Mr. H. M. Randolph of Elrod was a visitor in our village again Sunday. — Albert Hasty was in Somerset Wednesday on business. — Mr. and Mrs. Robt. Hatcher of Louisville and Miss Clarice Welber of Lebanon Jct. were here last week. — Mrs. Gains Cummins has been very sick this week. — Chattanooga, Tenn. June 5: — W. S. Gilbreath, field secretary of the Dixie Highway Association left here this morning in his white Maxwell roadster for a tour over the Eastern Division of the Dixie Highway between this city and Detroit. Mr. Gilbreath's trip is for the purpose of making an inspection of the progress on the construction of this roadway, to meet the people in the various counties and explain to them first hand just what the Dixie Highway Association is doing and secure the united cooperation of the various counties in building the road. In the event that he finds the counties through the mountains of Kentucky will have their section of the Highway ready for travel by the latter of October, he will make the preliminary arrangements for the big tour from Detroit through Toledo, Dayton, Cincinnati, Lexington, Knoxville, Chattanooga, and Atlanta to Florida. Automobile manufacturers and car owners through the north are very much interested in this proposed tour and if the roads are travelable, as it is believed they will prove to be, a large number of cars may be expected to make the trip.

On Mr. Gilbreath's arrival in Knoxville he will hold a conference with A. P. Stoddard a director of the Association, who is devoting a large part of his time to securing the completion of the Eastern Division. Mr. Sanford is planning to accompany Mr. Gilbreath on his trip thru the Kentucky mountains. Mr. Gilbreath's itinerary as follows: Dayton, Rhea Springs June 13, night at Harriman; Kingston, Lenoir City June 14, night Knoxville; Cumberland Gap night June 16; Middleboro June 17; Pineville night and Sunday June 18; Barbourville night June 19, Corbin June 20, night London; Mt. Vernon night June 21; Richmond night June 22; Lexington night June 23; Georgetown night June 24; Williamstown, night June 26; Walton and Cincinnati, night June 27.

Elizabethtown, Ky. June 12—A jury in the Hardin Circuit Court this morning adjudged Barksdale Hamlett, former State Superintendent of Public Instruction, of unsound mind. He will be sent to Lakeland Asylum. Mr. Hamlett will leave to-night for Lakeland. He was present in court when the case was tried and appeared nervous. He is physically debilitated as well and in bad health. Relatives of Mrs. Hamlett asked County Attorney K. A. Buckles to file the affidavit against Mr. Hamlett. His wife's divorce suit is still pending in Circuit Court here.

Barksdale Hamlett, who was the Democratic nominee for Secretary of State in the election last year, was the only Democrat on the state ticket to be defeated by a Republican. He instituted a contest against James P. Lewis of Whitesburg, the successful candidate, and shortly afterward abandoned it. In the meanwhile his wife separated from him and instituted divorce proceedings in the Hardin Circuit Court at Elizabethtown. On top of this the State recently filed a law suit against Mr. Hamlett and his bondsmen for \$69,000 alleged illegal expenditures in the department of Education during his incumbency.

Charles Evans Hughes, former Governor of New York, and until Saturday, Associate Justice of the Supreme Court of the U. S., was nominated Saturday for the Presidency by the Republican National Convention.

Charles Warren Fairbanks, of Indiana, elected Vice-President with Theodore Roosevelt in 1904 again was chosen for second place on the Republican ticket.

Both nominations, made by overwhelming majorities on the first ballot of the day—the third ballot of the convention—were by acclamation made unanimous.

Senator Lodge, of Massachusetts, presented by Colonel Roosevelt, as a compromise candidate, received seven votes. Colonel Roosevelt himself received eighteen and one-half scattered over twelve states.

Judge Hughes stepped down Saturday from the Supreme Bench and, again as a private citizen, accepted the Republican nomination for President. In a telegram ringing with denunciation of the administration's foreign policies and declaring for a dominant thorough going Americanism, he gave his decision to Chairman Harding, of the Republican National Convention, and broke the long silence which had kept the leaders of his party in the dark as to his attitude toward

the great issues of the day.

The Progressive National Convention after four days of tumult with but one purpose in view Saturday nominated Colonel Theodore Roosevelt for President and a few hours later listened without protest to a message from Oyster Bay that he would not "accept at this time."

Colonel Roosevelt's declination was conditional and it was placed in the hands of the Progressive national committee to be held until such time as statements to be made by Justice Hughes, the nominee of the Republicans, "shall satisfy the committee that it is for the interest of the country that he be elected."

NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follows, until August 15th, and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky.

Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with a storehouse, dwelling house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply.

Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 190 acres, one-half mile west of farm No. 2; a good strong valley farm in good state of cultivation and not very much improved. About 100 acres cleared, balance in woodland.

Farm No. 4 of 271 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant houses. Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guaranty from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and storehouse; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Behrman & Lewis Addition to Mt. Vernon, Ky., and 1 lot in Jersey City, N. J.

Also have a few hundred acres of desirable mineral rights to sell. It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are handy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pike road leading south from Mt. Vernon, on the waters of Ery Fork and Skeggs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over the land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Matt Deboard and later the Albert Hamlin farm near Level Green.

NOTICE

It is being circulated throughout the county that my Jack's colts are rickety. I wish to say through the Signal to my friends, as I can't write you all personally, that it is an absolute falsehood, as you will see from what Mr. R. L. Smith, the man that I bought the Jack from, has to say about it. This false report was fixed up to injure my business, but in spite of it I am doing a splendid business with my Jack. I have a fine Jack. I hope to show him at the Mt. Vernon Fair ground next Fair, and let the people see this Jack and judge for themselves. Just here I wish to insert a letter from Mr. P. C. Lear. The letters is as follows:

HATT, Ky.,
May 29, 1916.

Mr. JOHN HILTON,
Pine Hill, Ky.

Dear Sir:

I have been told that some parties out there have been telling that the Jack you bought from Bogue Smith got rickety mules. It is certainly a mistake for he does not such thing. I stood the Jack last year and his colts are coming this spring all right and good tones. He never has got a mule that was wrong. I have known him ever since he was a sucking colt. I will go before any court and make an affidavit that he does not get rickety colts. The way this has got started, I stood a Jack belonging to C. C. Gover, Lancaster, Ky., year before last that did get rickety colts. I have heard that it has been told that Bill McQueen had two mules by this Smith Jack that were rickety and he gave them away, that is also a mistake, as these mules were by the Grover Jack. McQueen will swear they were not by the Smith Jack, and so will I. If you want me or McQueen to make an affidavit to this effect we will go before the court and swear that what has been told on your Jack is all false. Generally such tales as these get

Bulletin No. 3

Why Not Face the Facts About Armor Competition?

To the People:

The policy of the United States Government for many years has made real competition in armor-making ineffective.

The Government might have asked the three armor plants for bids and let the entire tonnage to the lowest bidder. That would have made competition effective.

The result of such a course would have been to drive two of the three manufacturers out of business, and leave the country with facilities of only one plant in time of need.

The Government in fact has always asked for bids from the three manufacturers, but no matter what the price quoted, each year's business was divided among them.

Armor makers serve but one customer—the Government, just as a public utility serves but one customer—a community.

The solution of the public utility problem is regulation of rates.

The solution of the armor problem is for the Government to fix the price.

We voluntarily agree to accept any price fixed by the Federal Trade Commission. Isn't acceptance of that offer better than the destruction of an industry built solely to serve the Government?

started from men who have horses and jacks and want to down a man.

Yours very respectfully,
P. C. Lear.

To whom it may concern:
It has been reported that the Jack that I sold to J. W. Hilton, of Pine Hill, is showing rickety colts. I want to say that this is absolutely false. He has never shown a rickety colt. I will give \$100. to any man that will bring me a rickety colt, sired by that Jack. The Jack is all right in every respect and is showing good colts.

R. L. SMITH, Hiatt, Ky.

Now, if any one wants further information about this Jack write the Rev. Green Fish, Mt. Vernon, Ky. He has three of his colts and has known the Jack from his folding. I will give \$25.00 to any man that will make a sworn affidavit that my Jack has ever to this date shown a rickety colt. Now, you fellows that have been talking, make your word good.

Respectfully,
J. W. HILTON,

BOWEL COMPLAINTS IN INDIA.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and he believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."
